Letter  
FROM OUR  
Visionary Founder

Greetings Leadership LINKS Network,

I can hardly believe that what began as a prayer and invitations to join a social media group has become the nonprofit, Leadership LINKS, Inc., and the Leadership LINKS Network that we see today!

I originally reached out to a few peers to begin a conversation about mutual support and mutual investment. We were all thriving as leaders and community servants, but I believed then, as I do today, that we can have a greater impact when we work together. United by our passions for **education, leadership, mentorship, faith, and public service**, we are committed to equipping the next generation of leaders.

**At Leadership LINKS, Inc., we make long-term investments in small groups of people, because intentional, deep work and dedication produces transformation and positively impacts lives, and with this transformation, we influence the communal, systemic, and social change that ripples across generations. We mentor and we multiply.**

**Our work centers the needs, education, and development of Black girls and young women,** as research indicates that the historical and social challenges are unique for this targeted group, and service organizations that are led by or support this targeted group are significantly underfunded across the Southern Region of the United States.

We need your support as we strategically expand our programming across the Southern Region and expand the Leadership LINKS Network, an intergenerational and multi-ethnic group of leaders and strategic partners which includes businesses, churches, and schools across the nation.

Thank you for your prayers and support, as we continue to **Mentor Across Generations.**

To all the founders, organizational leaders, mentors, contractors, volunteers, parents, donors, sponsors, churches, schools, and strategic partners who have supported this work over the years, I offer my sincere thanks and appreciation.

A special thanks to all our Youth LINKS Leaders and Young Women LINKS Leaders, who have accepted the challenge to grow, and use their skills and resources for the greater good of humanity to become the leaders that their diverse communities and our world needs.

Happy Anniversary Leadership LINKS! Cheers to the next eight years and beyond.

With Love and Abundant Blessings,

*Dr. Natasha Sistrunk Robinson*

## How we work

### *Our Purpose*

This is **who we are**

Leadership LINKS exists to educate and equip servant leaders who are committed to using their skills and resources for the greater good of humanity.

### *Our Vision*

This is **why we exist**

To connect people with Purpose

### *Our Mission*

This is **what we do**

Offer leadership education that facilitates impactful living, character and spiritual development.

## Our *Core* Values

Our values are integral to how we work and they represent the strength of our organization and network

**Love** ♦ **Inspiration** ♦ **Network** ♦ **Knowledge** ♦ **Service**

# OUR *Story*

Founded by six African American graduates of the U.S. Naval Academy, we have cultivated Leadership LINKS, both the nonprofit organization, Leadership LINKS, Inc., and a thriving Leadership LINKS Network.

We are leveraging the organization and the network to equip Black girls and young women to become changemakers!

## LOOKING Ahead

In **2024** our desired work is to create more access and opportunities by:

1. Expanding our Mentoring Program in NC and possibly VA.

Targeted locations include Durham, NC and Alexandria, VA

2. Resuming and expanding the "Walk in Purpose" leadership Summer program to become a week-long overnight experience.

3. Completing our 12-Day Global Leadership Experience Tour to Canada.

This "Footsteps of a Freedom Fighter" experience was planned for Summer 2020, but was postponed due to COVID-19.

4. Expanding and deepening our relationships and create intentional strategic partnerships with our school, church, and business networks.

**We have visited 10 college campuses in 6 different states.**

**LINKS LEADERS STORIES**  
REFLECTIONS ON MENTORING  
PROGRAM(S)

I have become more comfortable being a leader and have realized that I am capable of doing it successfully...I now know that public speaking is very important when it comes to leading...Being able to put what I have learned to use in future projects and jobs excites me.

**MISS CARRINGTON (NC)**

I would let others know that the way they will enter the program, surely they won't stay the same if they stick it through. I would share with them that the program will bring clarity in areas...and bring direction in places that felt overwhelming, whether that be one's vocational calling, relationship, finances and/or navigating difficulty-this program surely will provide aid in all that.

**MISS WHITNEY STEPHENS (NJ)**

This mentoring experience has been transformative to my life. I understand the assignment, which is to help shape the lives of youth and young women through planting seeds, sharing my life experiences, as well as pointing them towards the Word of God...I consider my time with Leadership LINKS as part of my reasonable act of service.

## “WALK IN PURPOSE” LEADERSHIP SUMMER PROGRAM FOR GIRLS

This dynamic week long summer leadership and character development program prepares **rising 6th through 12th grade girls** for innovation, executive leadership, and entrepreneurship. One of the ways that we accomplish this goal is by introducing program participants to career fields where women are traditionally underrepresented in the higher echelons of leadership. These sectors include: Science, Technology, Engineering, and Math (STEM); Media and Arts; Business and Entrepreneurship; and Military and Government.

## LEADERSHIP LINKS MENTORING PROGRAM FOR GIRLS

The Leadership LINKS Mentoring Program for Girls offers leadership education, mentorship, character and spiritual development to prepare **6th-12th grade girls** for innovation, entrepreneurship, and executive leadership. Through this program and our strategic partnerships, we create access and opportunities, provide professional development and training, and life skills. The program's curriculum is delivered using a small-group mentoring model.

## LEADERSHIP LINKS MENTORING PROGRAM FOR YOUNG WOMEN

The Leadership LINKS Mentoring Program for **Young Women (ages 18-30)** offers mentorship, career coaching, professional, character and spiritual development. Leadership development includes a curriculum, the cultivation of life skills, and offers numerous opportunities to assess one's vocational calling, outline a leadership path, and grow a supportive professional Network, while also providing the tools and resources needed to thrive in the workplace. Program participants are young women who are already working but looking to build their confidence and leadership skills. They may be actively engaged in their desired career fields, completing higher level degrees, preparing for or completing advanced degrees or certifications, or in transition between jobs and/or careers.

## Programs

### LEADERSHIP SERVICE OPPORTUNITIES (LSO)

Our Leadership Service Opportunities (LSO) allow LINKS Leaders to serve their local communities and/or give back to the organization, while expanding the Leadership LINKS Network. LSOs fulfill our purpose and commitment to use our skills and resources for the greater good of humanity by addressing community, national, and/or global needs. Within the girls mentoring program, LSOs are often led by our Youth Leadership Committee (YLC).

### LEADERSHIP EXPERIENCE TOUR (LET)

The Leadership Experience Tour (LET) gives participants an exciting learning adventure designed to further develop their Knowledge of history and culture and position them to *walk in purpose* with a hopeful future. Whether visiting college campuses, learning about historical events, discussing social challenges and movements, or exploring the impact of arts and culture, the LET educates LINKS Leaders about how leaders before them have committed to using their skills and resources for the greater good of humanity, which inspires and gives them the confidence and courage to intentionally address the challenges of our day.

### LEADERSHIP LINKS BOOK DISCUSSIONS

The Leadership LINKS Network is a community of life-long learners, who are constantly developing themselves. Therefore, we offer book discussions to support our communal commitment to Knowledge, and to provide leadership education, character or spiritual development that unites and strengthens our community of like-minded leaders so we can best support and serve the Youth and Young Women LINKS Leaders in our programs.

In support of our mission, we are seeking committed servant leaders to join our team and Leadership LINKS Network.

### BECOME A MENTOR

There are several mentoring opportunities within our programs:

- Program mentors are those who serve on our leadership team and are responsible for program delivery and facilitation of our small groups of middle school, high school, or young women leaders. Program mentors must undergo training with the organization.
- Career mentors offer 1-on-1 mentorship and coaching in their professional fields within our young women's program.
- We also welcome mentors as guest speakers in both programs or as facilitators and instructors in our Leadership Exploration Workshop (LEW) series.

### BECOME A LEADERSHIP LINKS AMBASSADOR

Leadership LINKS Ambassadors further the organization's mission by ensuring that the financial budget can support programming and provide security for the future development of the organization.

### JOIN THE NETWORK
